

Company Profile

TRIERENBERG Holding AG is an Austrian company, a global player with production facilities in Austria, Germany, U.K., Canada, Colombia, the Philippines, twice in China and Malaysia.

We develop, produce and distribute special printed materials to main multinational companies in all continents.

Besides printed specialties the TRIERENBERG group also provides taylor-made RFID solutions through its subsidiary Tricon.

The group's administrative headquarters are located in Traun, Upper Austria, and the TRIERENBERG family is its sole owner. Total number of employees of all its companies around the world is 1.300.

TRIERENBERG Group has main strengths in the rotogravure printing process, and also counts with wide experience with flexo, letterpress, offset, hot stamping and rotatory screen printing technologies

A constant striving for innovative and comprehensive solutions and new standards of quality, flexibility and service are the main elements of TRIERENBERG Holding's philosophy. The core activities are certified according to ISO 9001 and ISO 14002 standards, a fact which reflects the group's concern with protection of the environment.
